  "self": {  
    "href": "/subdomains/test1.example.com"  
  },  
  "delete": {  
    "method": "delete",  
    "href": "/subdomains/test1.example.com"  
  }  
}
```

A RESTful response

```
{
  "domain": "example.com",
  "subdomain": "test1",
  "target-path": "/public-html/test1",
  "redirect": null,
  "_links": {
    "self": {
      "href": "/subdomains/test1.example.com"
    },
    "delete": {
      "method": "delete",
      "href": "/subdomains/test1.example.com"
    }
  }
}
```

List subdomains

```
GET /subdomains
```
