Sharing code in a library does not make it DRY

function headers (1-5)

permission checks (6-30)

(action) (31-36)

rate limiting (37-80)

validation check (81-92)

suspension check (93-102)

lock check (103-120)

TOS check (121-133)

(action) (134-144)

error handling (145-165)

update MySQL action (166-181)

send email notification (182-201)

validate and update whois info (202-231)

logout/login and redirect (232-269)
